Emergency Contact

Location

Site Address:
Description: SAN GABRIEL RIVER: NEAR INT. OF 605 FWY. AND FIRESTONE BLVD., DOWNEY

Scope of Work

DESCRIPTION OF WORK: To authorize temporary access into Los Angeles County Flood Control District's (District) right of way along San Gabriel River, near the intersection of 605 Fwy. and Firestone Blvd., for filming on 11/17/2010. Permittee shall provide a professional security guard at the gate entrance during filming. Permittee shall be responsible for repairing any damage to District's facilities and utilities. Permittee must implement all pertinent Best Management Practices during their activities. Permittee must comply with all occupational safety agency directives while working around flowing water. Permittee must immediately notify the Department's Flood Maintenance Division-South Area at (562) 861-0316, in the event of an emergency. Ingress and egress shall be at locations approved by the District's representative. Vehicular speeds within the District's right of way shall not exceed 15 mph. No vehicle or equipment weighing in excess of 32,000 pounds per axle will be allowed within the District's right of way. Permittee shall prevent unauthorized access into the District's right of way while exercising this permit. Permittee shall keep District right of way clear of obstructions for through access at all times and shall not interfere with the activities of the District's employees or the District's contractors. The District/County assumes no responsibility for any claims, loss, damage or liability occurring by reason of Permittee's exercise of this permit. This permit shall not be exercised during inclement weather or when the 5-day weather forecast predicts rain. Upon completion of the work authorized under this permit, Permittee shall restore the area to the satisfaction of the District's representative. Permittee is responsible for picking up all trash and recyclables, and cleaning up any oil leaks from the vehicles before leaving the site. Permittee must keep one lane of the bikepath open and keep bike gates and access ramps clear at all times during filming.

THIS PERMIT IS VALID ONLY TO THE EXTENT OF THE DISTRICT'S JURISDICTION. PERMITS REQUIRED BY OTHER AGENCIES AND CONSENT FROM THE UNDERLYING FEE OWNERS ARE THE RESPONSIBILITY OF THE PERMITTEE.

Permit Expires: 11/18/2010

PERMITTEE MUST NOTIFY DERREL FEIKER OF THE DEPARTMENT'S FLOOD MAINTENANCE DIVISION (SOUTH AREA) AT TELEPHONE (562) 861-0316 (8:00 AM TO 4:00 PM) AT LEAST 48 HOURS BEFORE TAKING ACTION ON THIS PERMIT. A COPY OF THIS PERMIT SHALL BE KEPT AT THE WORK SITE DURING ALL PERIODS OF OPERATION WITHIN THE DISTRICT'S RIGHT OF WAY AND SHALL BE SHOWN TO ANY DISTRICT REPRESENTATIVE OR LAW ENFORCEMENT OFFICER UPON DEMAND.

Is hereby permitted to complete scope of work on the public highways subject to provisions required by County of Los Angeles Highway Permit Ordinance (Division 1 of Title 16, Los Angeles County Code), the Municipal Code, and City Ordinance governing the area where this work is to be done, and the attachments hereon specified. Permit revocable at option of Public Works Director, in consideration of granting of this permit, it is agreed by the applicant that the County of Los Angeles and/or the city wherein the permit work is to be performed and any of their officers or employees thereof shall be saved harmless by the applicant from any liability or responsibility for any accident, loss, or damage to persons or property, happening occurring as the proximate result of any of the work undertaken under the terms of this application and the permit or permits which may be granted in response thereto, and that all of said liabilities are hereby assumed by the applicant, it is further agreed that if any part of this installation interferes with the future use of the highway by the general public, it must be removed or relocated, asdesignated by the Director of Public Works or Superintendent of Streets, at the expense of the permittee of his successor in interest. The permit is void if the permittee is not in compliance with Section 3800 of the Labor Code

Performance of the work of activity under this permit is tantamount to agreeing to the conditions of this permit, Copy of this permit shall be kept at work site during period of operation within District's/Road right of way and shall be shown to District's representative or any law enforcement officer upon demand.

INSPECTION REQUIRED

CALL PERMIT OFFICER 24 HOURS BEFORE STARTING WORK UNDER THIS PERMIT. FAILURE TO DO SO IS CAUSE FOR REVOCATION OF THIS PERMIT. THIS PERMIT IS VOID IF WORK NOT STARTED IN 60 DAYS (FOR ROAD PERMIT) OR 180 DAYS (FOR FLOOD PERMIT) FROM THE DATE OF THE ISSUANCE.

REPORT: lapwrp028

BICYCLE TRAIL SPECIAL PROVISIONS

1. If the existing bicycle trail width must be reduced to perform the necessary work, access around the construction site shall be maintained with a minimum of eight feet of bicycle trail width to the greatest extent possible. In that case, construction signs warning "CONSTRUCTION AHEAD" and "BIKEWAY NARROWS" must be posted in advance of the site on all approaches along with delineators or barricades for channelization. If at least eight feet of paved bicycle trail cannot be provided, construction signs warning "CONSTRUCTION AHEAD" and "WALK BIKE" must be posted in advance of the site on all approaches. Where bicyclists are instructed to walk their bikes, flagmen must be present at all approaches. Delineators or barricades must also be placed to channelize pedestrians past the work site. The contractor will be responsible for all bike trail sweeping within the affected area.

2. If the existing bicycle trail must be closed to perform the necessary work, the contractor must provide a safe detour around the construction site for the bicyclists. **The Department must review the detour plan**. If a detour is necessary the contractor will be responsible for sweeping the bike path in the affected area before the bike trail can be reopened.

3. The Department's Bikeway Coordinator Abu Yusuf must be contacted at (626) 458-3940 at least one month in advance to report the anticipated move-in date. The above-mentioned signs must be posted at least two weeks in advance of the start of construction. The Bikeway Coordinator must be contacted within one working day after placement of the required signing and within one working day after reopening of the bicycle trail.

4. If feasible, the contractor must make the bicycle trail operable on weekends and holidays by removing barricades. The bicycle trail at the project site must be completely free of obstructions, swept clean, and have a minimum eight-foot vertical clearance, although twelve feet is desired. If two-foot-wide shoulders cannot be maintained, adequate warning devices should be installed.

5. The vertical clearance to obstructions across the clear width of the path shall be a minimum of 8 feet. Where practical, a vertical clearance of 12 feet is desirable.

6. After project construction is completed and prior to the field acceptance of the project, the bicycle trail pavement and striping shall be restored to its preconstruction condition.
